BONDS ASKS RE-ELECTION AS ASSESSOR-COLLECTOR

Bill Alex Bonds, Assessor and Collector of Taxes for Milam County, is a candidate for re-election to that office subject to the Primary Election to be held on Saturday, July 25, 1942.

Mr. Bonds makes his announcement for re-election with the well wishes of many friends throughout the county who appreciate the splendid record he has made in the office.

In making his announcement Mr. Bonds said:

"I wish to announce my candidacy for re-election to the office of Assessor and Collector of Taxes, and again ask your support and influence.

"I know that I can serve you more efficiently than ever before, because of the experience I have had in the work in this office.

"Having lived in Milam County all my life, and believing that I know personally almost every Property Owner in the county, and being familiar with the values and the location of lands, schools and roads, enables me to prepare the Assessments of the property in the county so that each district may receive the taxes justly due them.

"The office of Assessor and Collector of Taxes in point of importance can hardly be overestimated. I fully realize both the solemn duty and responsibilities the people have so generously entrusted to me and have endeavored to render helpful aid to the Tax Payers in transacting their business with the office. To achieve these results and to give the people the ef-

Charlie Simicek is Safe in Honolulu

Welcome news came today from the American Red Cross to Dr. James Watson, Chairman of the Milam County Chapter.

The news concerns Cpl. Charlie P. Simecek, Jr., of Cameron who is in Honolulu, Hawaii.

The parents, Mr. and Mrs. Charlie Simecek, Sr., of Cameron, had not heard from their son and Dr. Watson, as Chairman of the Red Cross, wrote the Army Department in Hawaii and has received a letter from John F. Gray who is Director of Military and Naval Welfare Service in Hawaii.

Mr. Gray says that Charlie is well and on active duty there. He was not wounded when the Japanese attacked Pearl Harbor and Mr. Gray says he knows that the parents will be happy to know that Charlie has been promoted to the rank of Corporal.

REA Garland Lines Are Hit by Army As Pure "Waste"

Washington, Feb. 19.—Col. John C. Damon of the power and fuel division of the war department said today the rural electrification administration "wasted copper" in construction of power lines in the southwest.

Testifying before the house military affairs subcommittee investigating defense contracts and charges that REA is wasting strategic materials by duplicating existing power lines in Kansas, Oklanhoma, Texas and Arkansas, Damon specifically charged a Texas REA line from Possum Kingdom dam to Garland was "wholly unnecessary" and showed "a waste of 300,000 pounds of copper."

Damon said 11 public utility firms in the southwest which pooled their resources to supply power to the government-financed aluminum plant at Lake Catherine, Ark., could supply sufficient power if linked with the Pensacola dam in Oklahoma without using REA lines.

He said "the southwestern power pool is encroaching on its reserve," and warned "someone will have to do without power in a shortage."

Rep. Car T. Durham, D., North Carolina, reminded him that "someone is already doing without strategic materials.'

971 Register For Military Service

Local Board No. 2 at Cameron has received 971 registration cards from the registration held on Monday, February 16.

The number of registrations were about as anticipated.

Miss Samie Louise Gowmer of Abbott, joined Miss Bertie Eleanor Bowmer here and they attended the Fat Stock Show in Houston for the week end.

Today's Immortals

Here are today's immortals, 32 men who have reported to Fort Bliss near El Paso for induction into the United States Army.

These young men are sacrificing for their country and the Nation is proud of their example:

Civilian Registration To Be Resumed in Co.

Thousands more cards have been printed for civilian registration to be held in the county soon.

No date has been set for the second registration but Emory B. Camp, chairman of the Home Defense Council, said that thousands will have their opportunity soon.

All could not register because the supply of cards was exhausted. Due notice will be given concerning the second registration date.

Supt. Miles Resigns As Superintendent Of Rockdale Schools

Superintendent S. C. Miles of the Rockdale schools for the past 14 years, has resigned, the resignation to take effect at the end of the present term.

Concluding a statement Mr. Miles said: "In view of this record made one realizes what Cardinal Woolsey meant when he said, "If I had served my God with half the zeal that I have served my King, he would not have turned against me after years of faithful service."

It was understood here some dissatisfaction has been in existence for some time in Rockdale over the school situation. In the absence of any statement of facts, it can only be assumed that such has been the case.

Mr. Miles was an unsuccessful candidate for County Superintendent in the primary in 1940.

MRS. EDNA BRADY IS BURIED HERE TUESDAY

Mrs. Edna Brady, 49, died Monday at 2 a. m. in the John Sealy Hospital in Galveston. Mrs. Brady had been ill for months, but only a few days before her death she was taken to the hospital.

Funeral services wer held at 1 p. m. from the First Methodist Church in Cameron with Rev. J. Coy Williams of Rosebud, former pastor here, officiating. Interment was made in Oak Hill Cemetery with the Green Funeral Home directing arrangements.

Pall bearers were the following: Dr. A. E. Kruse, Bob Bailey, Bert Nicholson, Leland Stedman, Claude Stutts and Randal Turner.

Mrs. Brady is survived by three children: Mrs. A. C. Westbrook of Austin, Sgt. Norris Brady of St. Louis, Missouri and Brooks Brady of Houston.

Green's ambulance arrived with the body late Monday. The body was at the Brady residence until time for the funeral.

LEAVES FOR ARMY

Chas. W. Manning left Tuesday at noon far service with the armed forces of the United States, to report to Fort Sam Houston.

Mr. Manning, owner of Chili's Shoe Store, leaves his business under the management of his mother, Mrs. Etta Manning.

MRS. MYRTLE A. BRISCOE BURIED HERE WEDNESDAY

Mrs. Myrtle Arnold Briscoe died at 10:00 p. m. Tuesday, February 17, 1942, at the home of her sister, Mrs. Mamie Arnold Hefley in Cameron.

Mrs. Briscoe had been ill for many months.

Funeral services were held Wednesday afternoon, February 18, at 3:30 o'clock at the residence of Mrs. Hefley. Interment was made in Oak Hill Cemetery with the Coleman Funeral Home directing arrangements.

Mrs. Mamie Arnold Hefley, sister of the deceased, is the only survivor.

B. I. Arnold first Mayor of Cameron and a pioneer business man, for whom the city of Ben Arnold is named, was the father of Mrs. Briscoe and Mrs. Hefley.

Pall bearers were: Oxsheer Smith, F. C. Fahrendorf, H. H. Stedman, John Henderson, Stanley Swift, Roy Law, John Jeter and Rush Thomas.

Add to Briscoe death

DeCoux, of Houston; Mr. and Mrs. Milton Tucker, of Houston; W. H. Tucker, of Dallas; and Mrs. Robert Watson, of Waxahachie; Mrs. Frances Arms, of Austin; and also Arthur W. Taber and Mrs. Crockett, of Austin.

FEBRUARY 26 IS DATE FOR PIGSKIN REVUE

"In tune with the times," has been the motto of Tom Johnson, Director of the Southewestern University Band, in producing the sixth annual edition of the PIGSKIN REVUE, collegiate Variety Show, which will be presented in Yoe High Gym on February 26, under the sponsorship of Band Parent's Association.

A featured presentation with the PIGSKIN REVUE this year will be a one-act musical comedy entitled "Time's a Wastin'." Described by its authors as " a musical indictment of the world's most willin' villain," the story of "Time's a Wastin' " concerns two college boys who win the war in short order by going directly to Berlin, Germany, and disposing of one Adolf Hitler in a very ingenious manner.

The idea of including this dramatic musicl satire on America's enemies in the PIGSKIN REVUE of 1942 was inspired by the youthful members of the Southwestern Band themselves, who suggested that they might do their part toward the encouragement of the "Victory V" spirit by the presentation of such a number as a finale.

Written and composed by Tom Johnson, Director of the Band, "Times' a Wastin' " combines the talents of over half a hundred college singers, musicians, and actors. Previews of "Time's a Wastin' " have already attracted so much attention to the timeliness of the musical comedy that it has been booked for a series of appearances at some of the largest army cantonments in the Southwest.

To increase the effectiveness of the number, special scenic effects have been designed and constructed by Harry Little, Dallas, Technical Director of the PIGSKIN REVUE. The property list for this one number includes over 60 special costumes and 350 different property articles.

LEAGUE IS SUSPENDED FOR THE YEAR 1942

The Interscholastic League for Milam County has been suspended for the year 1942.

This action was taken here on Feb. 10th when the Milam County Teachers Association met. The teachers felt the league should be suspended for a number of reasons, mainly the war and the determination to conserve auto tires.

Delegates to the District convention of teachers to be held on March 7th, in Temple. They are John W. Gilpin of Thorndale; T. N. Wood of San Gabriel; Fred Graves of Rockdale; and Kathryn Sproull of Cameron. The alternate delegates are D. D. Martin of Milano; H. F. Horstmann of Buckholts.

The convention was entertained with a play by the Third Grade pupils of Ada Henderson school.

Day light savings time was discussed. Each community will arrange its own time schedule.

Army Fliers on Way To New Fields Spend Day in Cameron Sunday

Five army fliers spent the day Sunday in Cameron on their way to separate assignments.

Lieut. Frank M. Newton, Army Air Corps, was home with his mother, Mrs. W. R. Newton and with him were Lieut. Glade Jorgensen of Salt Lake City, Utah; Lieut. John C. Medford of Fort Towson, Oklahoma; and Lieut Robert J. Nespor, Jr., of Ponca City, Oklahoma.

All fliers were recently commissioned at Luke Field in Arizona and were on their way to Barksdale Field at Shreveport, La., to report for duty in tactical units which is a preliminary to combat duty overseas.

Lieut. Newton is the son of Mrs. W. R. Newton of Cameron. His father was the late Dr. W. R. Newton, Sr.

Lieut. Thomas Jefferson White, Army Air Corps, arrived in Cameron early Sunday morning to spend a few hours with home folks before reporting to Jackson Air Base in Jackson, Mississippi.

Lieut. White goes to a tactical service in the Air Corps for training preparatory to combat duty over seas.

Oldest Resident Of Milam County Dies at Rocklale

Rockdale, Feb. 16.—Mrs. Lem Smith, who would have been 97 in April and was believed to have been the oldest resident of Milam county died at her home here at 8 p. m. Saturday.

Funeral service will be held at 5 p. m. Monday at the Phillips-Luckey Funeral Home, with Rev. H. E. Crone, pastor of the First Christian church, conducting, and with burial in the old city cemetery. Grand sons and great grand sons will be pall bearers.

Mrs. Smith was survived by two sons, Walter B. Smith of Temple and J. Frank Smith of Taylor; two daughters, Mrs. Mary Worley of Taylor and Mrs. W. H. Fletcher of Rockdale, several grand children and great grand children. Another son was Morgan L. Smith, a prominent business man of Texas who died in 1936.

An open house meeting of the Knights of Pythias Lodge for the members their wives, sweethearts and invited guests has been called by Chancellor Commander W. A. Morrison for Monday, February 23rd, at 8 p. m. to celebrate the 78th, anniversary of the Order.

A program has been arranged and refreshments will be served; out of town guests will be present, and every member should make a special effort to be present.

Melvin Allday Will Become Flier; Soon To Report for Duty

Melvin Allday of Houston was in Cameron over the week end to visit with his parents, Mr. and Mrs. W. A. Allday.

Melvin has enlisted in the Army Air Corps, has passed his test with a grade of 99 and has also passed the physical examination. He will be called to active duty within a short time and is now in reserve.

He formerly lived in Cameron and was with Fred Reno at the Palace of Sweets. His father is Prescription Druggist at the New Cameron Drug Company.

Friends in Cameron will be glad to know that Melvin is going to be a flier, a goal to which millions of young Americans are looking in this critical period of the world's history.

Cameron Wins Basketball Title

Cameron won the basketball championship of Milam county in the finals played here Wednesday night, defeating Rockdale by a score of 25 to 7.

In other games held Wednesday afternoon Rockdale defeated Thorndale 43 to 8 and Cameron defeated Jones Prairie 28 to 14.

The tournament was arranged by the Athletic Council in Cameron in co-operation with schools over the county because no county wide basketball competition was arranged and the interscholastic league has been abandoned for the year.

MILAM PLEDGES BIG INCREASE IN EGGS

An increase of approximately 750,000 eggs will be made in the production totals for Milam county, says J. W. Stufflebeme, County Agent.

Discussing the new quota Mr. Stufflebeme said:

Milam County farmers have pledged a production of 2,250,000 dozen eggs for 1942, under the "Food for Victory" program.

Milam County produced 1,827,000 dozen in 1941, and this will represent an increased production of approximately 400,000 dozen.

The army, last September, was consuming 150,000 cases of eggs per month and has increased the consumption per soldier from 17 to 35 eggs per month.

It is most vital that this pledge be carried out and by following the suggestions listed below this production should be attained.

1. Fill present poultry houses to capacity. 2 1-2 to 3 square feet per bird should be allowed.

2. Remodle old buildings and old barns into pultry house. Add dropping pits and floor line ventilation. Allow 10 inches perch space per hen.

3. Buy quality chicks. Buy your chicks from a reliable hatchery.

4. Feed a complete ration. A laying mash containing 18 to 20 per cent crude protein is the desirable feed.

Worm and delouse chickens. About 60 to 65 per cent of poultry diseases and losses are due directly or indirectly to intestional parasites.

5. Green feed. Supply 1-2 to one acre of green feed such as oats, sudan for each 200 birds. Birds are more resistant to disease when on green feed.

6. Sanitation. Egg production could be increased probably by 10 to 15 per cent by cleaning up. Scrape off 2 inches of top dirt off floor and put in clean dirt such as sand, etc. One part carbolenum and four parts coal oil makes the best general disinfectant. Lye water is good for concrete floors. I pound of lye to 200 gallons of water and use only on floors.

To delouse chickens make a box 4 feet square with 1x12's. Fill two-thirds full with wood ashes and sand and sprinkle one pound of sodium flouride, should be changed every three months. This kind of box will take care of 200 birds.

W H. CALDWELL DIES AT HOME IN ROCKDALE

W. H. Caldwell died early Saturday morning at his home in Rockdale, it was announced here by Emory B. Camp, nephew of the deceased.

Mrs. Caldwell had left his room only a few minutes before to prepare the morning meal. When she returned to awake him she discovered that he was dead. It was said here that the pioneer had succumbed to a heart attack.

Mr. Caldwell was about 63 years of age and was a pioneer resident of that community, having only recently retired from the service of the Missouri Pacific railroad.

Mrs. Caldwell is the former Miss Mamie Camp, a sister of E. A. Camp, Mayor of Rockdale and H. H. Camp, banker. She is the aunt of Emory B. Camp of Cameron.

Funeral services will be held from the Caldwell home in Rockdale at 4 p. m. Sunday, February 15, 1942, with interment in the Rockdale cemetery.

Mr. Caldwell had many friends in Cameron and a large number were preparing to attend the funeral there on tomorrow.

Don't Discuss the Weather; U. S. Warns

The Government in Washington today warned the people to refrain from discussing weather on the telephone.

The imminence of air attacks upon this country together with the existence of enemy aliens in Cameron and in nearly all of the communities of the United States makes it important that the people co-operate with the government in every respect.

John Sapp, instructor in mechanics for a defense camp in San Antonio, spent the week end here with his wife, and Mrs. Sapp accompanied him back to San Antonio and are keeping house in an apartment.

FUNERAL SERVICES ARE HELD FOR Z. G. WARREN

Z. G. Warren, 69, died at 3:15 Wednesday afternoon February 18, 1942, at the home of his daughter, Mrs. R. M. Jones in the Little River community near Jones Prairie.

Funeral services were held Thursday afternoon from the String Prairie Church with Rev. Henry M. Bailey of Maysfield conducting the services.

Interment was made in the String Prairie cemetery with Marek-Burns Funeral Home in charge.

Surviving are two sisters, Mrs. L. T. Moss of Killeen and Mrs. H. G. Warren of Fresno, Calif., and one brother Frank Warren of Crawford, and nine children: Mrs. R. M. Jones, Maysfield; Mrs. J. H. Mobley, Fresno, Calif.; Austin Warren, Post City; Frank Warren, Gatesville; Jeff Warren, Gatesville; Lee Warren, Gatesville; Calvin Warren, Hollis Okla.; Jesse Warren, Gatesville, and Davie Benard of Gatesville.

Twenty three grand children and four great grand children also survive.

4-H Club Boys Can Now Barrow For Food Program

Plans are underway whereby Texas 4-H Club boys and girls may finance their Food for Freedom project, Mildred Horton and Geo. Adams, state agents of the Axtension Service, have announced.

In a letter to county agricultural and home demonstration agents, they pointed out that loans for 4-H Club members may now be made through the Farm Security Administration in addition to the usual sources—local banks, individuals, the Farm Credit Administration, and so on.

County agricultural agents in two Texas counties, Briscoe and Lubbock, co-operated in an experimental FSA loan program of this nature in 1941. Committees composed of the agents, ESA County Farm supervisors, teachers of vocational agriculture and farmers serving as adult 4-H Club leaders passed on applications for loans, and funds were handled by a bonded trustee.

"The operation of such loan programs not only provides the necessary money for 4-H food production projects, but gives the boys and girls valuable training in financing farm operation," the state agents pointed out.

Texas 4-H Club work is no small business. In 1941, 4-H Club boys realized $617,076 from sales of beef, mutton, wool, swine, mohair and dairy and poultry products.

4H Club girls concentrated on home food production. Among other items, their 381,609 hens laid enough eggs to serve 127,169 persons for the year; they produced more than a million and a half pounds of fruits and vegetables; and processed 383,146 lbs. of butter and cheese from their milk cows.

These projects will be greatly expanded in 1942 under the war food production program.

CHINA IS DOOMED IF BURMA IS LOST

Amrican bombing planes sank two Japanese transports Wednesday somewhere between Borneo and Sumatra, it was announced by the War Department in Washington.

In addition a number of barges were destroyed and five Japanese planes were shot down.

This was the only bright spot in the day's news.

The Japs were moving in on both ends of Java and are keeping up an incessant ariecal bombardment.

The Japs have driven through the new British lines in Burma and military experts have already written off the Burma Road and with it the supply lines to China. Based on what is happening in the far east China will be forced to capitulate as soon as Japan has cleaned up the Dutch East Indies.

With Singapore in Japanese hands the Philippine Islands are not important because they have been isolated. The American defenders under General MacArthur are taking new and heavy blows from all points and are undergoing constant air raids.

Charges Power Companies Hold Up Defense Jobs

While there has been less actual legislation on the floor of the House this week we have had even more matters of vital importance to thrash out with the various departments than ever.

Of oustanding importance has been the efforts some of us have made to prevent the private power companies from using the war as an excuse for destroying all that the Rural Electrification Administration and the Brazos River District have done for the development of Central Texas. I don't believe that any power agency either public or private has any right to put it's wishes or interests ahead of national defense. I know that our R. E. A. customers will agree with the statement that I have made to many high government officials that if the Army or the Navy needs the copper in any rural line in Texas that we will take the wire off the poles and go through the war by lantern light. On the other hand, I don't believe that any agency, public or private, has any right to use this emergency as an opportunity for destroying competition at the expense of the defense of the Nation.

Right now the Brazos River Transmission Electric Co-operative only lacks about three days work of completing its lines from Morris Sheppard Dam to the City of Garland, where the city needs the power to serve two vital defense plants;—an airplane plant and a plant that makes engines for tanks. The contracts called for delivery of power on February 15th. And power would have been delivered on that date but on last Tuseday (February 10th) the War Production Board ordered all work to stop while they decided whether or not the private power companies were correct in their charge that the work on this system of public lines was not 40 percent complete on December 5, 1941. The officials of the Brazos River Transmission Coop have come to Washington and have evidence from all of the contractors showing that the work was much more than 40 per cent complete on that date. I cannot see how any board, even one composed of "dollar-a-year" men who are on the payroll of the private utilities, can possibly refuse to let this job be completed. The matter is now before the War Production Board and a decision will have undoubtedly been reached before you read this. But, whatever the decision may be, the private utilities have already won a victory at the expense of national defense. They have prevented the carrying out of the contract of the public agency, but in so doing they have been responsible for the failure of these factories to produce vitally needed tanks and planes. To my mind, this kind of action is more likely to defeat America than is the Jap Navy.

Nor does the story stop here. I have been working for many months to convince the Army of the advantages of Central Texas as a location for a great munitions plant. At last, I feel that the Army is satisfied that we have everything they need except power. The priviate power companies have long told us that they had all the power that could ever be used in Central Texas. They still say that to some people, but for ten days we have been trying to get them to write a letter to the Army saying that they will supply the power. This, they refuse to do. The truth is they have sold Central Texas short. All their power is being used in other sections, and as I see it just now, the only way we can hope to get any power for the development of Central Texas is through the use of Brazos power.

The Brazos River Transmission Coop is ready to supply all the power that they have, and have so written the War Department. Unfortunately there is not enough power at Morris Sheppard Dam to serve the prospective needs. The officials of the Coop have, however assured me that they would gladly connect with the local private power lines near the proposed site and interchange power. Such an interchange would make available additional power to both parties by the use of so-called "peaking" power,—the water power of the public system supplementing the steam power of the private systems to the advantage of both.

I sincerely hope that the private companies will at last realize that America is at war and will agree to such an arrangement rather than demand as they have so often done that all the power be turned over to them. Both systems should contribute their utmost to the winning of the war. The public system stands ready to do so. We will shortly know the answer of the private systems. In the meantime, I shall continue to insist that neither the R. E. A. nor the private companies be given any special privileges or any material that is needed in defense, but at the same time, I shall insist as I have heretofore that needed power facilities be built by public agencies just as freely as they can be built by the private companies.

With best wishes, I am

Your very sincerely,

W. R. POAGE,

Congressman, 11th Texas District.

ALLIES STAGGER UNDER AVALANCE OF DEFEATS

The fall of Singapore on Sunday may have involved the loss of some 50,000 British troops and large quantities of war materials including munitions.

The fortress was surrendered unconditionally and Prime Minister Winston Churchill addressed the British Commonwealth on Sunday to explain away another allied defeat.

Amid rising British anger Mr. Churchill was said to be fighting for possibility that he would be able to his political life but there seemed no survive with his present cabinet. Either he must get a new Cabinet or get out himself.

The fall of Singapore reveals a startling weakness in the far east and Monday was a blackest day since the fall of France

Briefly these were the facts as they came to the Daily Herald this morning.

The Nazi have been bombing Malta, British naval base in the Mediteranean, for the past 10 hours.

The Japanese have bombed nearly all of the Philippines and are blasting Bataan with artillery in what is believed the opening of a campaign to crush General Douglas MacArthur and his small army of American defenders.

Japanese submarines are now operating in the Indian Ocean.

The Japanese are striking heavily in Burma and are now only 75 miles from the Burma Road, which is Chian's life line.

The largest of Sumartra oil base has been taken by the Japanese.

Nazi submarines are active in the South Atlantic and early Monday had torpedoed three tankers and shelled an oil refinery on the Islaid of Aruba in the Dutch West Indies.

It was one of those dark days the politicians promised the people of the United States after the attack on Pearl Harbor.

COUNTY BASKETBALL TOURNAMENT OPENS

An eight game series of Basketball games for the championship of Milam county began at 3 p. m. Monday in the Gym at Rye High School.

The tournament was arranged by the Athletic Council in Cameron and the winner will be awarded the trophy.

Buckholts and Ad Hall opened the tournament and at 4 p. m. Cameron and Ben Arnold played the second game of the day.

At 5 p. m. clock time Thorndale and Milano will play and at 7 p. m. Rockdale and Davilla will play.

Beginning at 8 p. m. Jones Prairie will play the winner of the Buckholts and Ad Hall game and this will end the first phase of the tournament.

Wednesday at 3 p. m. the winner of the Cameron and Ben Arnold game will play the winner of the Jones Prairie and Buckholts game.

Wednesday at 4 p. m. the winner of the Thorndale and Milano game will play the winner of the Rockdale and Davilla game.

At 8 p. m. the finals will be played for the championship.

Admission charges will be an average of only 5c per game although each time the gates open the charge will be 10c but more than one game may be seen for the 10c admission.

Churchill Confident Of Victory in the House of Commons

Prime Minister Winston Churchill was confident today that he would succeed with his government and may demand an election by the British people.

If the election is held the King will of necessity dissolve the Parliament and a new process will be forced in the formation of another government.

Mr. Churchill discussed the escape of ships from Brest and has demanded an investigation.

Mr. Churchill has demanded a vote of confidence in the House of Commons.

Russia Gets Second United States Loan

The United States government has extended a second large loan to Soviet Russia.

The loan will not bear interest and will be paid back after the conclusion of the war.

It was understood that Russia is accepting these American loans in order to buy much needed war materials. The United States is now financing the entire world opposed to the Axis powers.

SCRAPS OF YARN ARE WANTED BY RED CROSS

Mrs. F. C. Fahrendorf has announced that the Red Cross would like to received any scraps of yarn you might have lying around the place that will probobly otherwise never be used.

School children all over Milam county are learning to knit and they will make blocks out of these scraps to be sewed together and to be used for covers for soldiers in the United States.

ficiency they have the right to expect in one who understakes the responsibility, I have at all times retained the services of experienced employees and required them in the light of my conception of public duty to serve the people at all times in full measure of understanding of the highest traditions of efficiency; believing that no standard is too high to uphold in an office of public trust.

"There are constant changes in the laws governing the operation of the office of Assessor and Collector of Taxes, which require continuous study and an unlimited amount of detail work to properly carry on the work in the office, and to faithfully protect the interest of the Tax Payers' as well as to properly collect, handle and disburse into the various channels the taxes paid into the office by the Tax Payers.

"Because of the constant changes in the laws, there are often misunderstandings. So long as I am intrusted with the office, I sincerely hope you will call on me or my employees for an explanation of anything pertaining to your tax matters which is not satisfactory or clear to you.

"There are new duties being placed on the Tax Assessor and Collector continuously, and having been your Assessor and Collector and studied every phase of the new duties gradually as they come, enables me to thoroughly understand every detail, and therefore serve you efficiently.

"In casting your vote for this important office, I am asking that you think of me as the man you have given the job of looking after your tax matters, and if I have been loyal to you and if my work has been satisfactory, may I ask that I remain in your employ—promising to serve you faithfully and diligently.

"The duties of the office require a great deal of my time and may prevent my seeing each of you personally to ask for your vote and support in which event I take this method of expressing my appreciation for any consideration you may show me."

Friends point out that Mr. Bonds, by reason of his experience, can meet all the demands for efficiency which an office of this kind requires. His candidacy will be received with enthusiasm by many in all sections of the county. Mr. Bonds deeply appreciates the continued confidence of the people and pledges himself to justify their faith by giving in full measure the fine service of which he is capable.

Clinton Breeding Wedding Will Be Held on February 20

The wedding of Miss Jean Warner, debutante daughter of Mr. and Mrs. Asa Woodward Warner, and Clinton Webster Breeding of Dallas, aviation cadet at Brooks field, will take place the evening of Friday, Feb. 20, at 8 o'clock in Austin Avenue Methodist Church instead of Feb. 13, as originally planned. The nuptials will be performed a week later than the invitations stated because of postponement by the government of the graduation exercises for aviation cadets at Brooks field.

Mr. Breeding will receive his commission as second lieutenant in the United States army air corps on the morning of his wedding day. Miss Warner will go to Brooks field to witness the presentation of wings to the cadets, and will be accompanied back to Waco by her fiance.

Of paramount interest to central Texans, the wedding will be an outstanding social event of the season and will attract out-of-town guests from the four corners of the state. The bride groom elect is the son of Mrs. J. J. Baryard of Dallas.—Waco News-Tribune.

Old Man Texas has sharpened his pencil. There's a job to be done.

Uncle Sam has a war to win and it will be paid for by you and me.

Our big job is to meet rapidly increasing federal taxes and buy defense bonds. And added to these are the costs of our local and State governments, including bond issues. The money to pay for them must all come out of the same pocket.

To make the bill fit our pocket, we're going to have to cut out some of the things we can do without. Among these are new bond issues, new State and local taxes and nonessential spending in every branch of government.

Old Man Texas is looking to taxing officials all over the State to be on the alert to effect economies.

Every local tax dollar saved for Texas taxpayers is another dollar available for victory.

BATTLE NEWS SHOWS NO UNITED STRENGTH

Japan was believed ready to rush on the Dutch East Indies and make a quick clean up in the South Pacific campaign Friday as Singapore was written off as lost.

The small British army in Singapore was hanging on desperately and heroicly while the British navy was losing a battle in the English Channel.

The reinforcement General Wavell said were on their way to Singapore stopped off for the golf tournament in Bermuda and never reached Singapore.

The Australian Press was unfolding a vicious slug at the British and the Australian Parliament will convene on February 20.

Java and Sumatra are now definitely in line for a quick push over by the Japanese and in the absence of any naval and air support in the far east the Japanese will be able to employ all of their strength with little opposition. They are expected to launch simultaneous land, air and sea attacks on the last stronghold of the white race in the far east.

The Britash were making a better job of the situation in Burma and were holding the Japanese.

In the Philippines the American forces under General MacArthur were expecting at any moment the final phase of the battle, but had shot down 2 Japanese planes and were holding the Japanese in tow.

WOODMEN CIRCLE MEETS

Mrs. Marie Ann Laake, guardian, presided over the meeting of Grove 996 of the Woodmen Circle which met in regular session on Tuesday at the WOW hall with Mrs. Laura E. Krebs of Austin, State Manager of Central and Northwest Texas, and National Committee Woman, as distinguished guest.

Mrs. Krebs spoke on the work of the Red Cross and other phases of defense work in which the Grove might participate, and she also stated the facts that the Woodmen Circle operates in forty five states, has paid more than $44,000,000 to members and their beneficiaries in the 51 years it has been in operation.

Mrs. Krebs urged each Sovereign to quality for her Rank in 1942. She also read the names of the following, who qualified in the past year. Mrs. Marie Ann Laake, new Guardian, qualified for Legion of Honor; and was presented a gold pin by securing membership to the Supreme Forest Woodmen Circle Grove 996. Mrs. Laake also qualified for proficiency certificate, only officers and team members are eligable to qualify. This is done my memorizing their charges and being able to give them properly.

Auditor Josephine Boedeker qualified for her name to appear in the Legion of Honor gold book, by securing membership in the Supreme Forest Woodmen Circle Grove 996.

Secretary Ida Johns also qualified for officer in the golden anniversiary wellfare club.

Other talks on patriotism were made by Mesdames Mary Carmardo and Elizabeth Scarff, the State Captain and the District Musician.

NEGRO HISTORY PROGRAM

The title of the Negro History Program which was held at Prgressive Baptist Church was "The Negro's Part in National Defense." This subject was used in the panel discussion by the Seniors.

The churches part in National Defense was discussed by the following ministers: Rev. E. M. Roberts, Rev. E. L. Johnson, Rev. F. D. Cranshaw, Rev. Hudspathy, Rev. W. M. Whiteside and Rev. J. S. Sargeant.

Music was furnished by the Rockdale male quartet and the O. J. Thomas High School Choral Club.

The contest between the boys and girls was quite a success. The total amount raised was $110.16 with the boys leading the girls with $57.47 and the girls following with $52.69. The sponsors of the boys were C. L. Coleman, Miss O. Brown and Miss C. V. Young. The girls sponsors were Mrs. W. L. Hall, Miss L. Harrison, and D. S. Poole.

Willie Jean Rogers of Blinn College in Brenham visited in Cameron Wednesday.

Wright Price, Jr., left Thursday for Duncan Field where he has employment as a Radio Technician.

WITH THE BAPTIST

Well folks we did it last Sunday morning. We all got up and came out to Sunday School on the new time. Our Sunday School attendance wasn't what it should have been. We only had 170, our offering was away down, we had an offering of $90 about $101 short of our needs per week. The Training Union revival got off to a good start last Monday night. We have at the present time seventy five enrolled; we are working for a hundred awards by the end of the week. A message to all our men Sunday evening we are running the bus down to Austin to near Bro. R. G. LeToruna —we would like for every man that wants to go to bring his lunch to the church with him Sunday morning. And just as soon as the preacher says amen we will all load on the bus and be off for Austin and a big time. The price to be charged will be seventy five cents per man, this will help take care of the expense of running the bus. If you have never heard this great speaker you have missed a lot. We urge you to attend if at all possible. Get in touch with the church office and Bro. Archer will make arrangements for you to ride the bus.

We hope that next Sunday every one will be back in your place in the Sunday School, and don't forget to put on the whole armor of God as you come out to church. Study your lesson, attend preaching, bring your Bible, be on time, attendance, and don't forget the offering.

A big silver dollar and a little round cent
Rolling along together went,
Rolling along on the smooth side walk.
When the dollar said—for dollars do talk
"You poor little Coin, you cheap little mite.
I am bigger than you and twice as bright,
And I bear these word's from a pious creed,
"In God we trust" which all may read
"I know" said the cent, I am a cheap little mite
And not very large, and shiney, or bright,
And yet," said the cent, with a mischievous sigh,
"You don't go to church as often as I."

China the Bulwark of Christian and Democratic Civilization Sets Example for World to Follow Says Mrs. Batte in Program for Rotary, Feb. 11

(From Rotary Cogs)

Many of us have thought of China only as a country that comprises a vast territory in Asia.

We know now there is more, much more to China than just a vast nation teeming with millions.

Mrs. R. L. Batte brought the program Wednesday. She talked about China and now we know that the real China is in the soul of her people.

It was a splendid, rapid fire panorama of China, the great Democracy that for almost 5 years has withstood Japanese agression.

China is a Christian nation and as such cherishes much the same ideals as our own America.

Mrs. Batte talked about ancient China, mediavel China and modern China, the persistence of her people, their great philosophics and traits of character.

The Chinese are known to have entered China 2200 years B. C. and at that time were a considerable nation. Today China represents Democratic and Christian ideals as a nation in the world.

Chinese, said Mrs. Batte gave to the world many inventions which have revolutionized life and influenced humanity. The Chinese have codes of ethics that put many of our own to shame and China has a civilization much older than the commonly accepted countries of antiquity.

The Club is indebted to Mrs. Batte for this splending paper.

Rotary Clubs have always been welcome in China and that is good evidence of the character of the nation.

God save China!

Americans Take 10 to 1 Toll Over Japs In The Air

American Flying Tigers, gallant band of dare-devil air birds, who have made history over the Burma Road, today were continuing their ratio of 10 to 1 planes over the enemy.

Up to January 31, a total of 135 Japanese planes had been brougnt down over China's life line, the Burma Road.

In addition 50 planes have been destroyed on the ground, making the grand total of 185. This means that the Americans have lost only about 19 planes.

A heartening note in the news for the day was the report of the arrival in large numbers of American fliers and American bombing planes in Burma and in the Dutch East Indies.

A news cast shortly after noon Saturday said the Germans are rapidly melting away under relentless Soviet attacks.

FLOWERS FOR THE LIVING

(From Rotary Cogs)

This is about a member who recent'y came into the club.

Tom Wardlow is a good Rotarian and we are all proud of him.

Tom has had a rich experience and here are the reasons why: He was born on Rock Creek west of Waco in McLennan county. The very name of the locality suggests a happy youth. Men often lose their souls when they take their fingers out of the soil. Tom was a farm boy. Every man of any note in the world was once a farm boy.

Tom was 24 years old when he left Rock Creek and moved to town. In 1924 he established his own truck line from Waco to Cameron. He later sold his line to Wortham and went back to Rock Creek and the Wardlaw farm. Later Wortham induced him to come back and so he did. Later the Red Arrow bought out Wortham, and Tom was with Red Arrow for a while then signed up with Central Freight Lines. He came to Cameron in 1937. Tom has built up a splendid business for his company, has a nice freight terminal and is rated high by his boss who encouraged Tom to become a Rotarian.

McGregor Gets Big Shell Loading Plant

Cameron was made to realize its misfortunes in the way of Congressional neglect today when news came that a large shell loading plant is to be built near McGregor.

The cost of this plant will be several million dollars, according to Congressman Poage and Senator Tom Connally.

During the recent political campaign in Cameron the question of a military establishment was revived here. If there has been any after election progress it has not been reported.

Cameron is well located and available for a military establishment, especially infantry camps such as the Congressman has announced for his district town of Bonham.

Civic organizations in Cameron and primarily the Chamber of Commerce should move at once to bring the attention of our advantages to our representatives in Congress who may have more or less forgotten us in the rush of building up other portions of their district.

INDIES ARMY MAY BE A LARGE ONE

Troops of the British empire and Americans in undisclosed numbers have been landed in Java, it was announced today from Washington.

While there was some speculation regarding the number and character of troops, it was believed, although not authoritatively stated, that the armed forces now taking up positions in the heart of the Dutch East Indies are men from the armed forces of both nations and include infantry.

For some time American and British air units have been operating with the Dutch in the West Indies. If American soldiers are now in Java it will be interesting to note how they deal with the Japanese as General MacArthur has done in the Philippines. The war in the Dutch East Indies will open up a second front on which American soldiers will contact the Japanese for the first time.

It was said that the soldiers have taken up defense positions in Java.

At the same time it was announced that the Hawaiian Islands have been reinforced for any eventuality and it was no secret that an attack from Japan is expected there soon.

The British are still holding Singapore and despite Axis claims that the city has been captured the Britsh are actually counter attacking.

In Burma Chinese armies are moving in to action and the Japanese have been thrown back with bloody losses indicating that reinforcements have reached Burma.

The Japanese have surprised General MacArthur by entrenching on Baton. It was somewhat puzzling to note Japanese are digging in and apparently for the time being have abandoned hopes of an early victory over the American forces.

A radio broadcast said that parchute troops have been dropped into Java and all have been killed by the Dutch.

at a telephone job that is vital

Telephone construction crews everywhere have been breaking records month after month.

Within the space of a year, Southwestern Bell crews completed extensive telephone systems at scores of military or military supply locations in Texas, Missouri, Kansas, Arkansas, and Oklahoma, finishing each job on time . . . or ahead of time.

In some exchanges where the inrush of workers in armament plants created an extraordinary demand, these crews have helped to double the number of telephones in service.

All told, 30,000 Bell Telephone folks in the Southwest march ahead these days, doing their best with such materials as are available to give you . . . and the nation . . . all the telephone service possible in time of war.

CHRISTIAN SCIENCE SERVICES

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 22, 1942.

The Golden Text is: "The Lord is a God of knowledge, and by him actions are weighed" (I Samuel 2:3.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Behold, God exalteth by his power: who teacheth like him?" (Job 36:22.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "If Mind was first chronologically, is first potentially, and must be first eternally, then give to Mind the glory, honor, dominion, and power everlastingly due its holy name" (page 143.)

SETH DEES IS SAFE

Word has been received by Mrs. Seth Deers, Sr., that her son Seth Dees, Jr., is safe and at the present is in New York.

Seth joined the Navy a year ago and was thought to have been in the war zones part of this time. Mrs. Dees had not heard from Seth since December, 1941, and friends here were glad that he is safe and still serving with the armed forces of his country.

No doubt about it—

CERESAN COTTONSEED TREATMENT PAYS!

There's everything to gain, and nothing to lose, when you plant CERESAN-treated cottonseed! Ceresan generally reduces seed rotting, sore-shin and certain other surface seed-borne diseases; commonly gives stronger stands; usually increases yields, often 10 to 25%. Oklahoma Agricultural Experiment Station, Stillwater, quotes progressive planters as reporting that treated seed often "pays for itself by allowing lower seeding rates, by simplifying the planting operations, and by improving the regularity and quality of the stand." CERESAN costs little, is easily applied. Get it from your dealer to treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

TREAT OTHER SEEDS, TOO!

Use Semesan Jr. for corn; New Improved Ceresan for small grains; Semesan for vegetables; Semesan Bel for potatoes.

Blizzard is Forecast For Texas; 15 Degrees Says Warning Monday

The United States Weather Bureau today authorized a warning of a severe blizzard which may reach Texas some time during the night.

A temperature of 15 degrees was forecast and a cold wave was bearing down on Oklahoma this morning.

Cameron was chilled by a brisk norther early this morning following a warm night of rain and thunder storms. The cold wave is expected to be severe.

New Battleship Is Launched Monday 9 Months Ahead Time

The United States early Monday launched a new 35,000 ton battleship.

The ship was launched nine months ahead of schedule. Secretary of the Navy Frank Knox in an address said that America is not near ready to begin an offensive.

"We must first gain supremacy of the seas and the air before we can undertake an offensive," said Secretary Knox.

Nothing could be more certain to give satisfaction in your home than to have 52 issues of The Herald mailed to your address during the momentous year of 1942.

Of course we are all gravely concerned about the war. That is as it should be.

But, this is Political Year also. Candidates have begun to announce and others are stirring along with the first Violets of spring. When the dog wood blooms in Milam county, it will be time to get out on the hustings.

Tires will be scarce. What will the poor candidate do?

NAZI U BOATS SHELL REFINERY OFF COAST

The Hemisphere was attacked today by Nazi U-Boats to bring the war home to the men of the Western World.

An oil refinery belonging to the Standard Oil Company on the Island of Aruba off coast of South America in the Dutch West Indies was shelled by a German submarine.

The Submarie torpedoed three tankers off the coast of the island which has recently been taken over by the United States with troops landed there to protect this largest oil base in that portion of the New World.

It was said that none of the tankers torpedoed had been sunk but there was no official report.

In Washington fear was expressed that the Germans may now have a considerable naval force available for attacks on supply lines and conferences were being held over the situation.

John W. Gilpin of Thorndale is President of the Association.

JAPS RAPIDLY TAKE PACIFIC OBJECTIVES

The climax in the battle of Bataan Peninsula now held by General Douglas MacArthur and his American and Philippino troops, was near to end.

The Japanese were dropping leaflets over the Philippines from air planes.

It should be remembered that Japan dropped leaflets on Singapore calling upon the forces there to surrender just before they forced capitulation of the Island.

In Washington, as well as in London, it was believed that General MacArthur would not be able to hold out indefinitely.

The Anstralian government was on a war basis today.

A Nazi submarine has been sunk in Carribean waters, it was announced by General Andrews in command of that area.

The Japanese have advanced in Burma and are now only a short distance from the Burma Road.

The British fleet has attacked the Italian fleet in the Mediterranean. There were no details.

Leaders of the United Nations are said to have virtually abandoned any hope of holding Sumatra and if Sumatra falls many believe that the Dutch East Indies will be taken by the Japanese.

The Axis powers will attack America on American shores. Of this there seemed little doubt and may explain the reason why no reinforcements have been sent to the Pacific.

OFFENSIVE AGAINST ENEMY IS IMMINENT

American reinforcements are now in Batavia, it was officially announced in Washington this morning.

The communication said that although the forces are inadequate for the task ahead that American soliders are to be seen often in that area and others are arriving. The communication also said that other allied troops are also arriving in the West Indies.

In Washington this morning Secretary of War Stimson said that the government is making every effort to take an early offensive against the enemy but that we must expect raids on our coast lines from enemy submarines and perhaps air craft.

The tempo of the battle in the Philippines has increased and the Japanese have brought flame throwers into action against General Douglas MacArthur and his men.

The Australian mainland was bombed this morning by 100 Jaapanese bombers and fighters. This was taken to indicate that Australia is to be invaded. Four Japanese bombing planes were shot down.

In Burma the situation is still critical and native troops are struggling desperatly to hold out.

The Chinese have moved into battle and have routed the Japanese in another sector of the battle in Burma.

Violent fighting is in progress near Lenigrad with the Reds driving the Germans back and a major break through may occur at any moment.

More than 2000 American prisoners are now in the hands of the Japanese and of this number 96 are Texans.

Poage Criticises WPB For Power Decision Delay

Washingtn, Feb. 16—Representative Poage (D-Tex.) criticized the war production board tonight for its failure to render a decision today on an application by the Brazos Co-operative of Texas to resume construction of a power line from 'Possum Kingdom dam to Garland.

After a visit to the WPB late in the day, Poage said the matter had been put off until Monday for further consideration. The Texan said he visited the WPB to discuss the situation with Chairman Donald Nelson, but he was out.

"In fact," Poage commented, "there was hardly any one in. They take the week end off and leave us sitting around for a decision as to whther we can get some war plants under production."

JOINS NAVAL AIR CORPS

Sam Tyson, graduate of Yoe High School and a Junior at Southwestern University at Georgetown, when to Dallas Monday and volunteered for services in the Naval Air Corps. He took preliminary examinations in Austin and then was sent to the Dallas station for the finals. He passed all examinations and was inducted into the Naval Air Corps where he will train to be a flier. He is at home now with his parents, Mr. and Mrs. Dan Tyson where he will remain until Uncle Sam calls.

AMERICAN PRESS ALSO SCORING WASHINGTON

Coupled with the defeat at Singapore the British were nursing new wounds to their pride as the German naval squadron steamed by the Cliffs of Dover and escaped Thursday in what was described the most contemptible action in history.

The British people were mad. Winston Churchill, Prime Minister, found himself in real trouble for the first time since he began to explain away British defeats.

Mr. Churchill's oratory may not save him this time as he goes before Commons next week.

Meanwhile in the United States influential newspapers were turning their guns on the government in Washington. The burden of the criticism seemed to suggest that the country should try shooting instead of appeasement.

Employment of some of the companions of the Axis known as surprise attack, ruthlesness, hand work and fanatical courage, were in the list of things deemed necessary now.

The German battleships Scharnhorst and Gneisenau and a ten thousand ton cruiser under air and surface craft support steamed out of the harbor of Brest early Thursday and fought off the British attack and escaped through the English Channel.

Such a feat has never been accomplished before in recent history and the British account it a major defeat.

There was no information on what had happened to the German ships but under a smoke screen they evaded British air attacks and the British lost 40 planes while the Germans lost 18. The ships apparently were not engaged by any considerable British strength and had the advantage of some 14 hours of darkness and are believed to have gone into some of the interior land locked harbors of Germany.

The influential London Times was calling for an end of British Bungling. It was practically certain that a Cabinet shake up would folllow the loss of Singapore and the naval incident. American people were getting mad and demanding something of the government here.

British Now Are Chasing Germans In Libyan War

The seesaw war in Libya had turned again in favor of the British.

British forces have been reinforced and are now driving the Germans back over the same bloody road which has been the scene of the changing fortune of war in Africa.

In London Winston Churchill, British Prime Minister, was facing a crisis in his Cabinet and had ordered an investigation of the escape of the German fleet from Brest.
